Clinical Studies In (Para)Thyroid Surgery

Roderick R. Dulfer

- 1: Endocrine daycare surgery is safe and feasible in selected patients (*this thesis*)
- 2: Parathyroidectomy improves Quality of Life in patients with primary hyperparathyroidism (*this thesis*)
- 3: Parathyroidectomy has beneficial effects on quality of life in dialysis patients with secondary hyperparathyroidism (*this thesis*)
- 4: Patients with persistent hyperparathyroidism one year after renal transplantation should be considered for surgical treatment (*this thesis*)
- 5: Postoperative PTH measurements after total thyroidectomy predict persistent hypoparathyroidism (*this thesis*)
- 6: Early terminal differentiation in surgery leads to diminishing prospects and an unsettled career. *G. Doherty.*
- 7: Peace does not fare well where poverty and deprivation reign. It does not flourish where there is ignorance and a lack of education and information. *F.W. de Klerk*
- 8: We cannot solve our problems with the same thinking we used when we created them. *Albert Einstein*
- 9: You ride in a limousine the first time, it's a big thrill but after that it's just a stupid car. *Bruce Springsteen*
- 10: Wanneer een arts achter de doodkist van zijn patiënt loopt, volgt soms in feite de oorzaak het gevolg. *Robert Koch*
- 11: If you want to know who your friends are, have a major failure. *John Cleese*
