SUBJECT INDEX

Acceleration principle, 48, 127, 182, 186.
Agricultural products, elasticity of supply of, 60, 62.
— income elasticity of demand for, 191.
— raw materials, 34, 128.
— stocks, 60.
— supply, 59.
See also Farm.

Bottlenecks, 65-70, 148, 175, 182. Building cycle, 139, 162-165. — costs, 48, 71. — volume, see Residential building.

Currency, 72, 82, 83.
Cycles, American, short, 141, 176.
— European, 176.
— damped, etc., 142.
— pre-war, 150, 152.
See also Amplitude, Building cycle, Endogenous cycles, Damping ratio, Period, Phase.

Damping ratio, 140-147, 159, 167, 173-179.
— probable error in, 179.
Data, monthly, 7.
— of four-month period, 109.
— quarterly, 7, 96n.
— yearly, 11.
Debt outstanding, 80, 117, 148.
Deductions, 123.
See also Costs of production.

Definitional relations, 20, 21-32, 123.
Demand by banks for assets, 88.
— dealers, 34.
— farmers, 34.
— non-farmers consumers, 34.
— equations, 20, 33, 34, 52.
— for beef, 12n.
— consumers' goods, 90n.
— currency, 92, 93.
— deposits, 93.
— elasticity of, 101, 128.
— dwellings, 48.
— investment goods, 70.
— labour, 34.
— short loans, 82.
— money and capital markets, 72.
Department-stores' stocks, 50.
Deposits, 27, 82, 100.
See also Demand, Supply.
Depreciation, 76, 121-123.
Difference equation, 140.
Direct causal relationship, 14, 19, 126-129.
Discount-rate policy, 171n.
Dis hoarding, 97.
Disturbances from equilibrium, 18, 137, 138, 140, 141, 154, 182.
See also External variables.

Dividend, rate of, 102.
— in cash, 24.
Durable consumption goods, 40.
Duration of life, see Life-time.
Dynamic relations, 16, 181, 182.

Echo effect, 41, 139n.
Elasticity of demand, agricultural products, 60, 62.
— consumers' goods, 36, 178.
— durable, 43.
— non-durable, 43.
— with respect to income, 43.
— deposits, 101, 128.
— farmers' consumption, 44.
— investment goods, 64-70, 188.
— residential building, 71.
— supply, capital goods, 64-69, 175.
— labour, 55.
— manufactured consumers' goods, 34.
— money, 128.
— short claims, 82.
— of the credit system, 184, 190.
Elementary equations, 15, 105, 137, 140, 146.
Elimination process, 105, 111n, 129-179.
— description of, 134-136.
Employment, 34, 54, 120, 121.
Endogenous cycles, 140-142, 181.
— theories, 181.
Equilibrium level, 147n.
Excess reserves, 83, 99, 114, 161, 161n.
Exogenous theories, 181.
— variables, see External variables.
'Explosive' movements, 142.
Exports, 121n, 123.
External variables, 133-139, 163.
— regular, 140.
Extraneous forces, 137.
See also External variables.
Farmers' consumption, 44, 151.
— income, 25, 116.
— savings, 25.
Farm prices, 44, 57, 59, 151, 190.
— — rate of increase in, 35.
— — production, 44.
Federal Debt, see Bonds.
Finalequation, 129, 137, 146, 164, 181.
— — cumulants in, 147-149.
— — economic interpretation of, 150-152.
Financing new investments, 81.
First purchases, 41.
Fixed prices, 58.
Flexibility of prices, 67n, 170, 190.
Gold stock, 13, 83n, 110, 128, 129, 138, 139, 161n.
Government spending, 166, 185.
See also Public works.
Harmonic oscillation, 144.
Hoarding, 88, 93-98, 110, 133, 158-162, 185.
— and Stock-exchange boom, 160.
Holland, 57.
Hours worked, 120.
Houses, stock of, 26, 48, 56, 139, 162, 184.
Imports, 59n, 121n, 124.
Income, distribution of, 35, 169.
— formation equations, 20, 115.
— from abroad, 25.
— , labour, 56.
Indifference curve, 103.
Indirect relations, 129.
Inelastic supply in 1920, 13.
Initial values, 18, 144.
Inter-business payments, 117.
— rate (general), 12n, 50, 75, 76, 117, 128, 152.
— — long-term bonds, 48, 102, 184.
— — — shares, 27, 46, 82, 184.
International trade, 188.
Inventions, 140.
Inventories, 81.
See also Stocks.
Investment, 45, 49, 81, 126, 132, 151, 171-174, 184, 185.
— and profits, two relations between, 127.
— goods, demand, 70.
— — supply, 67, 70.
— — — in stocks, 45, 123, 184.
— stabilisation of, 168, 169.
Labour, supply of, 55.
— productivity, 54.
Lag, a priori knowledge of, 10.
— determination of, 10, 11, 46.
— distributed, 11, 46, 182.
— in “explanation” of consumption, 177.
— — — dividends, 176.
— — — entrepreneurial withdrawal, 177.
— — — investment, 175, 187.
— — — large, in “explanation” of residential building, 139, 187.
— — — salaries, 146.
Lags, changes in, 166-179.
— and damping and period, 173.
Lead, 77, 79, 80.
Life-time, 41, 121.
Linear equations, 11, 12, 23.
Managers’ salaries, 25.
Margins of error, 168.
See also Standard errors.
Market organisation, 65.
Member banks, 99.
— — reporting, 98.
Mineral raw materials, 57.
Monetary equations, 132.
— factors, rôle in the business cycle, 183.
Monopoly, 65, 67, 171n, 176.
Motor-cars, expensive, 127n.
Multicollinearity, 12, 104, 181.
Multiplier, 162-165.
New Deal, 96.
Non-causal relations, 23.
Non-linear equations, 11, 148, 162, 182, 183.
Non-member banks, 99.
Normal equations, 91n.

Open-market policy, 86, 113, 114, 138, 139.
Order, production to, 64n.
Outside currency, 27, 98.
Overcapacity, 58.
Overhead costs, 120.
Over-investment theories, 182, 188-190.
--- non-monetary, 185-187.

Parallelism of variables, 13.
See also Multicollinearity.
Period of the cycle, 149-147, 159, 167, 173-179.
--- --- probable error in, 179.
Phase, of the cycle, 145, 167.
Policy, 18, 129, 140, 147, 166-170, 193.
Pre-war cycles, see Cycles.
Price equation, definition, 53.
--- --- farm products, 44, 57, 59, 151, 190.
--- --- goods and services, 52.
--- --- rent, 56.
--- fixation equation, consumers' goods, 57.
--- --- definition, 53.
--- --- investment goods, 63, 69.
--- --- labour, 54.
--- --- Mg, 83, 87.
--- fluctuations, as quantity fluctuations, 128.
--- level, general, stabilisation of, 171.
--- of bonds and shares, 72.
--- consumers' goods, 57.
--- farm products, 44, 57, 59, 151, 190.
--- rate of increase in, 35.
--- investment goods, 46, 63, 122, 152, 171.
--- --- rate of increase in, 48.
"Price" group of equations, 132.
--- variables, 192.
Prices, stabilisation of, 170.
Productivity of labour, 54, 57.
Profit margin, 46, 152.
Profits, 46, 115, 116, 119, 123, 125, 126, 128, 132, 150, 151, 184.

Profit and investment, two relations between, 127.
Public works, 164n, 165, 168.
--- --- timing of, 173n.
Quasi supply relation, 69.
Quantity fluctuations, as price fluctuations, 128.

Readjustment, depression as a, 192.
Receipts, 123, 136, 152.
Rediscourts, 83, 86n.
Regression coefficients, changes in, 166-179.
--- combined variations in, 178.
--- constant, 11, 12, 18, 161, 181.
--- interdependence of, 167.
--- refer to market as a whole, 12.
--- sign of, 13.
Relations, curvilinear, 11, 118, 165, 182, 183.
--- third-degree, 106, 108.
Rent, 29, 48, 56, 119.
Rent incomes, 25, 119, 124, 128.
Replacement, 41, 76, 121.
Reserve percentages, 86, 87, 161n.
Reserves, 115, 116.
--- secret, 29.
Residential building, 26, 45, 126, 132.
--- and general activity, 162-165.
--- as an external variable, 133, 139, 158-161.
Salaries, 35, 19, 120, 123.
--- long lag in "explanation" of, 146, 171.
Savings, deficiency of, 190.
farmers', 29n.
--- workers', 36.
Scatter diagram, 85, 107-109.
--- partial, 68.
"Service-output method", 122n.
Share prices, 13, 192, 106-110, 132.
151, 171-173, 176, 185.
--- "depression interval", 134.
--- "normal interval", 133, 168.
--- rate of increase in, 102, 127.
Shares, 23, 72.
--- demand for, 101.
--- supply of, 70.
--- value of all, 81, 100.
Share yield, (see Interest rate), 8.
Shocks, 137, 160, 162, 166, 193.
--- propagation of, 158.
See also External variables.
Short claims, 72, 78, 184.
Significance, economic, 13.
--- statistical, 12.
Slutsky condition, 43.
Speculative attitude, 106.
--- gains, 152.
See also Capital gains.
Stabilisation of consumption, 160.
--- "general price-level", 171.
--- investment, 168, 169.
--- prices, 170.
--- wage rates, 170.
Standard errors, 38, 44, 63, 110.
--- in damping ratio and period, 179.
Starters, 138.
See also External variables.
--- and hoarding, 160.
--- speculation, 150, 180.
Stock of capital goods, 65, 75, 148.
Stocks, consumers' goods, 152, 171-173.
--- proportion to sales, 50.
--- in, 45, 123, 184.
--- raw materials, 34.
"Strategic" group of equations, 132, 172.
--- variables, 132.
Structure, economic, 6, 18, 137, 138n, 140, 192.
--- changes in, 14, 166-179.
Supply equations, 20, 34, 52.
--- investment goods, 70.
--- money, 87.
--- money and capital markets, 72.
--- of bonds, 75.
--- deposits, 83.
Supply of investment goods, 67.
--- money, 82.
--- money, elasticity of, 129.
--- shares, 79.
--- short claims, 80.
Symbols, choice of, 21.
Systematic cyclical forces, 140.
Taxes and the business cycle, 166, 169.
Technical development, 59, 64, 66.
Time unit of four months, 109, 154-157, 158n.
Trade unions, 54.
Trend, 100n, 139n, 168n.
--- in elimination process, 130.
--- second-degree, 78.
Turning-points, 141, 148, 183, 189.
--- in consumers' goods production vs. producers' goods production, 187.
Under-consumption theories, 182, 188-190.
Under-saving theories, see Over-investment theories.
Unemployment, 12n.
United Kingdom, 7, 57.
Urban non-workers' income, 25, 35.
--- consumption outlay, 39.
Variation problem, 167.
Vault cash, 83n, 89n, 93, 98-99.
Veterans' bonus, 186.
Volume of production, 30, 64, 120, 121.
Wage rate, 54-56, 57, 64, 152.
--- legislation, 166.
--- stabilisation of, 170.
Wages, 35, 49, 59, 121, 123, 127, 128, 152, 185.
Wealth, total, 102.
Working capital, see Stocks.
Writings-off, 76, 122n.
See also Depreciation.
