

# Corrigendum

The article “The Combined Analysis of Uncertainty and Patient Heterogeneity in Medical Decision Models” (Med Decis Making 2011;31(4):650-661; DOI: 10.1177/0272989X10381282) contains an error. The second step of the final algorithm on page 658 (left column) currently states:

Draw a value  $x_i$  for the parameters

The correction is noted below:

Draw a value  $b_i$  for the parameters
