Throughout the course of my study, I have been blessed to have met and received advice, words of encouragement and assistance from many people.

Professor Henk Schmidt, many thanks for the guidance and time spent on providing me with valuable insights that have affirmed my interest in educational research. It's been great to have you as a supervisor who has enlightened me throughout the past three years!

Next, I would also like to extend my appreciation to my supervisor Dr Elaine Yew. Elaine, thank you so much for the amount of effort and time spent on reading the drafts for the papers and providing valuable comments!

Thank you Republic Polytechnic, for allowing me to embark on this learning journey. This would not be possible without the support of the Principal/CEO, Mr Yeo Li Pheow. I would also like to thank my reporting officer Dr Irene Yap for the words of encouragement which motivated me to persevere during the course of study.

A big thank-you to my wonderful colleagues at the School of Applied Science and Centre of Educational Development who have provided assistance or advice to the studies conducted. Special words of gratitude to my fellow colleague cum friend Esther Chng. Esther, it's been a pleasure to undergo this learning journey together. Thanks for the encouragement given over the years!

Lastly, I am truly blessed to have a group of family members who have provided consistent support and encouragement. Love you all!
